Places on our little list

ADALAJ STEPWELL — Beautiful architecture, photographs and a little pause from the rush.

LAW GARDEN — Shopping, browsing and finding something unexpected.

SABARMATI RIVERFRONT — Open views, an evening stroll and some much-needed sukoon.

RAJWADU — An authentic Gujarati dining experience — confirm the exact venue and reserve if needed.

And room for spontaneous plans, hidden cafés, pretty streets and unexpected stops.

05 / OUR LITTLE AGREEMENT

The very serious rules (not so serious, actually)

A playful list for our time together. Everything here is mutual, comfortable and open to a conversation — no pressure, no keeping score.

01. Good morning and good night kisses, every day.
02. At least 10 kisses a day — with 5 slow, long ones, if we both feel like it.
03. No falling asleep without a cuddle, unless one of us needs space or comfort.
04. All pictures — the pretty ones and the chaotic ones — go into our Google Photos.
05. Bring an extra T-shirt to wear through the day, then leave it with me as a keepsake, only if you're happy to.
06. At least one love bite a day, only if we both want it and are comfortable.
07. Showing up together is encouraged.
08. Sleep close, with no barriers if we're both comfortable. Comfort and consent come first.
09. Say “I love you” at least once every six hours — and mean it every time.
10. If either of us breaks a rule, we'll invent a silly, mutually agreed penalty in the moment. No real punishments, just fun.

The one rule above all rules

We listen to each other, respect each other's boundaries, stay kind, and make sure this trip feels safe, happy and special for both of us.

06 / BEFORE WE GO

☐ Concert tickets / booking confirmation

☐ Airbnb details and host contact

☐ Phone chargers, power bank and earphones

☐ Outfits and comfortable walking shoes

☐ Toiletries, medicines and personal essentials

☐ Google Photos shared album ready

☐ Cash / UPI and emergency contacts

☐ Keep the surprise-date details safely secret

A note for you, Momo

I don't want this trip to be perfect. I want it to be ours. I want the missed turns, the silly laughs, the food we end up loving, the pictures that make no sense, the quiet moments, and the memories we'll keep bringing up long after we're home.

Here's to train-window conversations, 11:11 wishes, holding hands in unfamiliar places, and choosing each other in all the little ways.

With love, always — Anshu ♡
